Doug,

Can you and John Gabry please reach out to Patrick at Pace? He was away on vacation last week. I would really appreciate you and Jon having a conversation with him prior to any report. I believe he is available tomorrow morning.

Pat McLoughlin, Ph.D.

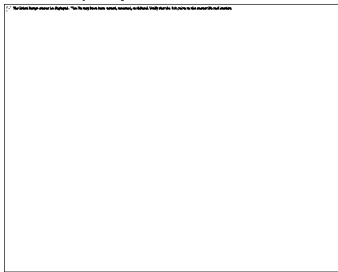

Technical Director

Pace Analytical Energy Services

Thank you,

Stan Carey, Superintendent
Massapequa Water District

Hi Stan

Jon Gabry has completed his review of the report and is now reviewing the Navy's comments. I expect that he will reach out to Pat at Pace next week to discuss the CSIA results and Pace's interpretation of those results.

Thanks

Doug

Jim,

My understanding was the EPA was going to have their "expert" review and comment on the report. I believe Doug was going to set up a call with Pace. I am not certain this was done. MWD will wait to receive EPA comments and then provide our comments shortly thereafter.

Thank you,

Stan Carey, Superintendent
Massapequa Water District

Attached are comments that we received from the Navy on May 17, 2016 regarding the CSIA Report. I thought that I had already shared them. Also attached is the report for your easy reference. Northrop Grumman has indicated that they will submit comments but I have not received them yet. I will forward them when I do. Jim H
